With One Aim--To Serve Student and College

VOLUME XIV

SANTA ANA, CALIFORNIA, FRIDAY, APRIL 8, 1938.

NUMBER 23

Petition Don, Dona April 18

Fiesta Rulers To Be Chosen From Sophomores

Petitions for the annual Fiesta Don and Dona will be available April 18, it was announced this week by Jerry Roland, general head of Fiesta. Only sophomores are eligible for these two positions.

Each year a Don and Dona are selected by the student body. Last year Allen Titensor and Margaret Crowell were chosen to reign at Fiesta.

A meeting of the Fiesta committee is to be held the week following Spring vacation. Definite work on the plans will begin then, Roland stated.

Francis Injured In Shop Accident

Willard E. Francis, linotype operator of the jaysee print shop, expects to return to work next week after a thumb injury received while repairing a linotype machine.

A graduate of Santa Ana Senior high school, Mr. Francis has held the position of linotypist in the jaysee print shop for ten years.

Jack Preston, employee of the Santa Ana Register, substituted this week for Mr. Francis and set up all copy for today's issue of the college paper.

Carlson Will Speak To Forum On April 19

"Crime, a \$12,000,000,000 Industry in America" will be the subject of an address by Dr. Glen E. Carlson, professor of sociology at Redlands university, to the Junior forum class in C110 the first Tuesday morning after vacation.

Dr. George Day, of Occidental college, will speak the following week, April 26, on "University Student Life in Russia 20 Years Ago and Now".

PRESENT 'HOWDY, STRANGER' TONIGHT

WILBUR MARSTERS has the leading role in tonight's production of "Howdy, Stranger," musical farce comedy, which is being presented by the college music department at the high school auditorium. Miss Myrtle A. Martin, head of the jaysee music department, is in general charge of the comedy.

Service Club Combination Planned In New Campus Campaign

In response to a plea from El Don, the Junior Lions have accepted responsibility to corrolate all jaysee service groups in a concentrated effort to conduct an organized campaign for a new Santa Ana junior college campus, Donn Hart, president, announced today.

"A meeting of all service club presidents will be held soon after Easter vacation," Hart said. "Club heads may submit ideas and the college groups will function together in combined efforts."

Definite action was promised as prospects for a successful campaign loomed ahead with all of the clubs working for one goal instead of pulling separate ways, it was disclosed.

Violet Rogers Hurt In Gas Explosion

Violet Rogers, freshman, is recovering this week from severe burns suffered when a huge gasoline truck exploded near Huntington Beach Saturday, injuring 22 persons including six Midway City firemen.

Miss Rogers was hurt when spectators scattered following firemen's warning of the explosion. She stumbled and fell just as the blast, which hurled the huge tanker an eighth of a mile in each direction, went off. Heat from the explosion burned her legs.

Miss Rogers, who lives with her parents in Talbert, was accompanied at the time by Fred Bower, jaysee student. Bower, however, was unhurt.

Faculty Snapshots On Fools' Day

Observations on April Fool edition: Harry P. Jackson refusing to buy an El Toro . . . ditto for Miss Mary Swass . . . "Butch" Flint getting a big boot out of all the publicity . . . Director Hammond eyeing the paper with his usual enigmatic expression, then smiling brightly after viewing the front page.

Mrs. Tessmann so wrapped up in conversation, she couldn't buy a paper . . . Mr. Nealley tightly clutching his copy . . . Mr. Bruff paying a penny for the edition, after stalling with a dollar bill as an excuse . . .

Robertson, Marsters Featured In Western Musical Comedy

"Howdy Stranger", Western musical farce comedy, will be presented tonight at 8 p. m. in the Santa Ana Senior high school auditorium. Miss Myrtle A. Martin, head of the music department, is in general charge.

With leads played by Nina June Robertson and Wilbur Marsters, the story revolves around the activities of a Brooklyn lad who is mistaken for a real cowboy.

Western melodies furnish a tuneful background for the action of the play which goes from a dude ranch to radio in three laugh-provoking acts.

Supporting the leads are Onie Sanders, Helen Waer, Bruce Buell, Louis Towers, Todd Drake, Leslie Damewood, Howard Clure, James Haarstead, Robert Gilman, Charles Sayers, Dolores Ortberg, Harris Dalbec, Ruth Switzler, and Franklin Guthrie.

Seek Co-ed For "Stage Door"

Selection of Gerry Peck to fill the part in "Stage Door" left open by Peggy Sudduth's withdrawal left only one part remaining to be cast today, Ernest Crozier phillips, drama head, announced.

Reversing the order of previous presentations, the first performance to be held Thursday, May 19, will be open to the public, followed Fiesta Day, May 20, by the presentation for high schools seniors only. Both performances will be given at the Santa Ana Senior high school auditorium.

Alpha Mu Gamma Names Delegate

Audrey Benson will serve as official jaysee delegate to the Alpha Mu gamma convention to be held at Chico State Teachers' college next Monday and Tuesday, it was announced today by Miss Lella Watson, adviser of the local chapter of the international honor society. Miss Benson will leave tomorrow for the convention.

Promotion of world fellowship is to be one of the purposes of the convention, and delegates are expected from several foreign nations, said Miss Watson.

Principal To Speak At IRC Meeting

Lynn H. Crawford, principal of Santa Ana Senior high school, will address the International Relations club when it meets Tuesday evening, April 19, in the Women's lounge.

Stanley Slaback submitted his resignation from the presidency, claiming too many activities. Erwin Youel was elected in his stead.

Former Prexy, Geologist, Sees Local Feature In Dark Africa

When diminutive Catherine Cooper and towering 6 ft. 6 inch Cy Lievermann posed for their unique photo last fall, telling of the "short and long" of college students, little did they realize that George Brommell, '26—a former Associated Student president—would become acquainted with them in the "darkest" of East Africa.

Mrs. George Brommell, who is living in Santa Ana told El Don today that the former jaysee student is in the territory of Tanganyika, British East Africa. He is a geologist looking for gold for an African company.

Brommell read of the two featured students in The London Daily Sketch which got the story through the Acme News Service. His reaction was, "it was the least thing I could have expected, and it's the

Fuzz-Cultivating Begins April 18

Jaysee men will bear a close resemblance to the forty - niners when the O. K. club's annual Fiesta beard-growing contest gets under way Monday, April 18.

Prospective Fuzz-cultivators will be signed the first day after Easter vacation in College hall, by president Elmer Meyer. Pictures will be taken on the south lawn shortly afterwards, it was stated.

Bush jackets contributed by Vandermast's, Swanberger's, and Hugh J. Lowe, local men's clothing stores, will be awarded to the growers of the thickest, the scrawnier, and the best trimmed beards, Meyer disclosed.

Local Journalists Collect Prizes

Second prizes in editorial writing, features, and feature writing went to El Don Saturday at the annual Southern California Junior College Newspaper convention held in San Bernardino.

An editorial and a feature appearing in El Don during the second semester copped the prizes in their division. Feature Editor Oscar Lieffers won an award in a feature writing contest held at the convention.

Attending from Santa Ana were Editor Ed Velarde, Feature Editor Lieffers, Society Editor Mary Knoche, Sports Editor Larry Trickey, Carroll Richardson, Vic Rowland, Bob Warren and Instructor John H. McCoy.

Schedule Orpheo Troupe Circuit

Gil Brookings, head of the jaysee Orpheo Troupe announced today the schedule for final presentations of the troupe circuit which will visit county high schools.

Garden Grove high will be entertained first April 20, he said. Following in succession will be:

Huntington Beach, Laguna Beach, Santa Ana, Capistrano, Newport Harbor, Orange, Tustin, and Anaheim.

The purpose of the group, Brookings said, is to advertise the Santa Ana Junior college Fiesta. It is composed of string pieces, vocalists, a xylophone, horns, and a dramatic skit.

CAST OF "HOWDY, STRANGER," musical farce comedy, are in readiness for tonight's presentation at the Santa Ana High school auditorium. A few of the cast are shown above. Left to right: Onie Sanders, Nina June Robertson, Wilbur Marsters, Helen Waer, Todd Drake, and Bruce Buell.

BULLETIN

Official notification that Santa Ana Junior College will be granted a chapter of Beta Phi Gamma, honorary journalism society, was received this morning by Vic Rowland, chapter president. The Don will be known as Sigma chapter. Installation ceremonies will be held about May 1.

WAA Plan Tennis Tournament

Preparations are being made by the Women's Athletic association for the Southern California tennis tournament to be held May 21 on the high school courts. As hosts to over 100 girls from all Southern California junior colleges, this is the largest event ever undertaken by the W. A. A., Miss Zena Leck, girls' coach stated, today.

Tennis matches will be played throughout the day with a light lunch served by the local girls at noon.

Committees appointed by Irene McFarland, club president, include Thelma Marks and Ruth Lehnhardt, lunch; Mary Ann Low, decorations; Betty Neff, entertainment. Miss McFarland is general chairman of the event.

Start AAE Show Publicity Soon

Advertising for the approaching Engineers' show on May 21 will begin in high schools throughout the county after spring vacation, it was learned today from John Forsyth, Engineer publicity manager.

Short previews of their future demonstrations will be given by members of the group in the various high schools.

All students in the science departments of the Senior high schools are to be guests of the Engineers at the exhibition which will be held in the Willard Junior High school auditorium, Forsyth stated.

A winning design for a decalcomania transfer was submitted by William Schlosser at the last meeting and will be used in advertising the event, it was learned.

Bill McNeill and Robert T. Clark will leave today for San Francisco where they will spend Easter vacation with McNeill's father.

PLANS MOTHERS' TEA

JO BUTLER, President of the AWS, who is making plans for the annual Mothers' Tea.

Just A Second

Faces about the campus: Tham Meyer, the Man in the Green Sweater, is a dead ringer for Lloyd Nolan, smooth-talking cinemany.

When brighter and brilliantier shirts are made, Jack Gardner will wear 'em... judging from the latest creation he has been showing.

This item may be a little old, but this week's deepest salaams go to Harry Incho who recently earned a class B amateur radio license, 73, OM, if we may put it into "ham" language... In case you're interested, that makes four hams in jaysee... Bob Horseman, Tom Hudspeth, Thompson McNeal... and radio electricity instructor C. Norman Hicks.

Following remark overhead in Women's lounge: "Well, no matter how terrible we women look in the morning, we never wake up needing a shave."

"Stage Door", (you know, the jaysee Fiesta play,) is causing particularly - ambitious Isa Grace Young to take piano lessons for her part... Wonder if drummer-director Ernest Crozier Phillips is in league with the Music Teachers' union?

If you haven't noticed yet, there's a spring vacation officially starting next Monday. Will somebody please remind us not to work too hard on our chemistry term paper? Thanks...

Gitanas Discuss Fiesta Plans

Plans for their fiesta float and spring formal were discussed by the members of Las Gitanas at a recent meeting. The spring formal will be held on April 30 but the location has not been decided upon, Helen Warner, president, revealed today.

Because the Gypsy-Doodle dance was held at the time of the regular meeting of service clubs, a special meeting was held by the Gitanas Wednesday noon.

Today—
Performance of "Howdy Stranger" at Santa Ana Senior high school auditorium.
Tennis meet with Chaffey at Santa Ana.
Track meet with Pomona there.
Baseball game with Chaffey at Santa Ana.
Monday, April 11—
Spring vacation begins.
Monday, April 18—
Y. W. C. A. meeting.
Start of O. K. club beard-growing contest.
Wednesday, April 20—
Engineers' club meets.
Thursday, April 21—
Junior Lions skating party.
Friday, April 22—
Performance of "The Goose Hangs High" at Santa Ana Senior high school.

Meninas Discuss Spring Formal

Definite plans are being formulated by Las Meninas for their annual Spring Formal to be held May 6, according to an announcement made today by Bette Ann Munsen, publicity director of the club.

Barbara Speed, in charge of the music for the affair, announced that she had secured Harry Wham's orchestra.

Eileen Schmidt was named to make arrangements for the Las Meninas float in the Fiesta parade at a recent meeting.

Piloteers Attend Theater Party

Formal initiation of the Piloteers was held this week at the home of Mary Coffman for a pot-luck supper, after which a theater party was held.

Nevalie Ropp was appointed chairman of the Fiesta float and Jean Russick as chairman of the Fiesta booth. The date of the formal party was set for May 13.

DISTRICT PRESIDENT

MISS DOROTHY DECKER, who will attend the Professional Women's Club district convention April 9 and 10 at Hotel Del Mar, as President of this district.

Hold Initiation Of Spinsters

Formal initiation of Spinsters was held last week at the home of Audrey Sattler, Panorama Heights, it was learned today from Catherine Eklund, president.

Maxine Wells, Norma Daly, Ruth Liggett and Joyce Wentworth were those initiated. After the candle-light ceremony, in which Catherine Eklund, Virginia Scott, and Margie Kenyon officiated, refreshments of coffee and ice cream were served. Mrs. Eleanor Northcross, Dean of Women, was guest of the affair, in the absence of Mrs. Grace Knipe, club adviser.

Scholarship Drive Plans Told

Co-operation of all jaysee students in the forthcoming Alpha Gamma Sigma scholarship fund drive was asked today by Robert Fowler, president of the honor society.

Plans for various projects are at present being completed by the ten committee chairmen. Projects will include cake, candy, and popcorn ball sales, and several others to be announced later, Fowler said.

The new list of committee heads include Ruth Budd, Catherine Cooper, Eileen Gibbs, Joseph Allen, Betty Neff, Lois Oursler, Betty Frye, Virginia Pritchard, Freda Wagner, and Evelyn Flint.

"The money will be used in making the Alpha Gamma Sigma scholarship award, which is given each year at graduation to the one of its members who is judged by the faculty to have the highest scholarship record", Fowler concluded.

Moav Initiation Postponed

At the pot-luck supper and informal business meeting held at the home of Mercedes Kellough Moav members last week completed plans for Fiesta. Evelyn Richards who is in charge of the Moav float and Kay Kleppe who is chairman in charge of the booth, gave their committee reports to the group.

Plans for the Moav formal to be held May 27 were discussed and Evelyn Richards appointed a committee to assist her with arrangements for the affair. It was revealed that Mr. and Mrs. John H. McCoy had been obtained as guests of the group for the formal dinner dance.

Formal initiation was postponed till after vacation and it will be held at the home of Henrietta Rurup in Orange.

Parents Want New Campus Moav Survey Shows

Bond Issue Is Favored Here

In a recent effort made by Moav club members to determine parent opinion concerning a new jaysee campus, a unanimous vote was cast in favor of an immediate reconstruction, it was revealed today. The poll was taken by the club members, who circulated questionnaires among their parents, asking if there could be any reasons for postponing the building, what would be the most desirable location of the plant, and what types of buildings would be most suitable.

WANT ACTION

None of the returned questionnaires gave reason for postponing the building and all asserted their intention to boost in every way possible the immediate re-location or reconstruction of the present college.

All of those questioned, favored bond issues as a method of financing the project.

INDICATE SITES

Among the possible locations suggested by the parents were the present Hoover school grounds on Santa Clara avenue, the Paularino school grounds, the present Tustin high school location, and the area immediately west of the Municipal bowl.

Dave Welsh, Bob Niquette, and Elizabeth Welsh will go to Idyllwild Tuesday with a group who plan to stay until next Friday.

DER FUEHRER SPEAKS

Fuehrer Adolf Hitler is seen in a dramatic closeup as he addressed the people of Austria by radio following his successful invasion. He spoke from the town of Linz, where he spent the first day following his arrival on Austrian soil for the first time in over two decades.

Literary Club Plans Beach Party Soon

Monday, April 26, has been tentatively set as the date for the annual beach picnic of Tavern Tattlers. It will be held at Dana Point, Catherine Cooper, president of the campus literary club, announced today.

Arrangements for food and transportation will be made at a meeting Tuesday, April 19, it was learned.

Skating Party Set For April 28

"Bigger and better" will be the theme of the annual Junior Lion skating party to be held at the Long Beach rink April 28, President Donn Hart announced today.

"No outsiders will be admitted" stated Hart. "There will be a charge of 10 cents for Associated Students, and 30 cents for Non-Associated Students."

"Tickets will be on sale in College hall shortly," he said, "and they will be 5 cents more per person at the rink."

Miller Adds To His Reptile Collection

Representing added proof of the collecting ability of Leo Miller, jaysee science student, two desert reptiles, a Gila monster and a chuckwalla, are now on display in the zoological rooms.

The two animals were collected by young Miller in the desert regions of California and Nevada. Neither specimen is found native in or near Orange county, he said.

Both reptiles have attained full growth, the Gila monster being about 18 inches long and the chuckwalla approximately 10 inches.

Progressive Dinner For Music Club

"Sigma Phi Sigma, jaysee music club, will hold its next meeting Tuesday night, April 19, in the form of a progressive dinner," Nina June Robertson, club director, said today.

The dinner courses will be held in the homes of Charlotte Stafford, Horace Evans, Anna May Archer, Anne Wetherell, Miss Robertson, and Onie Sanders.

A concert will be given by various members at the club. One number will be given by each member at each of the six homes visited.

Schedule Trip for Mineralogy Class

Approximately ten mineralogy students, with Instructor H. A. Scott, have scheduled a field trip to the Goodsprings area of Nevada for mineral study, it was learned today. The excursion will start Friday, April 22, and the group will return Sunday, April 24.

Following Easter vacation, geology classes under Instructor Scott's supervision will journey to the Santa Ana mountains for formation study.

Later this semester, the classes will view the San Diego and Los Angeles Natural museums, an annual event scheduled for the class in connection with their work.

Donn Hart plans to vacation at Palm Springs during the Easter holidays. He will sojourn at the desert resort for a week.

Harold Barrett and Otto Huber left for Dallas, Texas, this week,

where they will spend the vacation period.

TALK O'THE TOWN

A Preview of Fashions

By RUTH LIGGETT

EVERYONE IS SHOUTING O' Wool (wool with Lastex yarn). **FOR JOY** these days with spring vacation so close at hand. The stores are filled with exciting things to wear for dress and play. At Hart's, 306 North Sycamore street, I found some clever gaberdine slacks of blue with white pin stripes. They are high waisted, three buttons on each side, and were styled in Hollywood. This up-to-date store also has the popular play overalls in all colors.

For hosiery this spring you will find the most beautiful shades in the Holeproof and Munsing Wear. Tropic tan, exotic, stroller, swing time, nosegay, and spring beauty are some of the more fascinating colors. These two brands of hosiery are noted for their beauty and lasting qualities.

Gaberdine beach shorts are shown at this same store in shades of Desert rose, pink, navy, blue, yellow, and brown.

SATURDAY'S SPECIAL at the LaGrace Shop, 413 North Sycamore street, is an extra grand reduction in their regularly priced blouses. All the new shades and designs are included. One of the newest blouses shown this spring is the Gibson Girl. It is made out of crepe de chine and styled with full long sleeves, shirred at the arm holes, peter pan collar, and crystal buttons all the way down the front. An added feature is that it is an elastic tuck-in. The tailored blouses at this store are the famous Wilshire brand, with long waists as their guarantee against slipping out.

MMMM, YOU SHOULD JUST SEE the delovely new swim suits at Rankin's, located at Fourth and Sycamore. One of the newest materials in sun suits, girls, is Wisp

This new material in suits is lighter and less bulky and therefore dries more quickly. In one of these suits you will never feel cold and clammy when you come out of the water. Suits made of this new material come in colors Rio red, Bermuda green, and French rose. A "Stop and Go" swim suit in blue is especially clever. If you want to find out why they have given it this particular name, inquire at Rankin's. There really is a reason and it is the theme of the suit.

GOOD LOOKING shoes are the essential of every wardrobe. Where can we find shoes that are outstandingly designed and yet are comfortable? Is that the question you want to ask? Well, I found the answer at Reed's Shoe Store, 318 North Sycamore street. The shoes I liked particularly are white kids, gore-front pumps. They also come in colors black gaberdine and blue. They are designed with high front and small perforations mak-

New Press Group Formed Here

Eight sophomore journalism students this week submitted a petition for a charter to Beta Phi Gamma, national honorary journalism society, which will supplant the Press club.

Vic Rowland, former El Don editor is president of the local chapter-to-be and Delpha Wollert, secretary-treasurer. The other charter members include Ed Velard, present editor of El Don, Ben Swanson, last year's El Don editor, Jack Gardner, Oscar Oieffers, Gloria Kirchner, and Bob Prescott. It was learned that after being installed, members of the Beta Phi Gamma will begin pledging for new members.

ing patterns around the toe and instep. With lines that follow the contours of the foot you will find they retain their comfort with an amount of walking or dancing you might choose to do.

TRICKEY'S RIPE

LARRY TRICKEY
By JACK GARDNER
(Guest Columnist)

Culminating a several years' change for more interest in jaysee affairs, literally more school spirit, this week Senor Phil Hay of the El Don Bowl Hays made public his plan for down-town interest in jaysee athletic contests.

His brainchild, which has been appropriately titled, the Downtown Jaysee, is to be a group of business men who will sit in a reserved section at all Don games and report Santa Ana at home and away.

Approximately 20 charter members have formed the nucleus of the organization. Hay has been elected president, Joe Harless, treasurer, and Vic Walker, secretary. Such "twigs" as Mayor Fred Rowland and Chief of Police Floyd Howard are already "joined up."

Anyone can join, according to Hay, but membership will be restricted to approximately 250 persons. A drive for members will begin May 2.

If this isn't a shot in the arm for the old alma mater, we haven't seen it. It will not only arouse interest in jaysee sport affairs, support athletic contests, but will definitely make Santa Ana and the surrounding territory "jaysee conscious" which should be a great booster for new junior college.

Furthermore, it should make junior college a drawing card for many athletes. Young men who otherwise might not be able to continue with their education will have a good chance to secure employment with so many prominent business men supporting the Dons. The junior college is thankful for such public-spirited citizens as Phil Hay and Co. have enough pride in civic affairs that they would promote such an advantageous scheme.

UNFAVORED DONS OPPOSE BENGALS

Beatty Shakes Up Lineup Against Chaffey Nine

When Don baseballers cross bats with Chaffey jaysee's nine on the high school diamond this afternoon, a revised lineup is slated to take the field, Coach Blanchard Beatty said today.

The mentor indicated that he would switch the lineup until "a satisfactory arrangement is reached" in the field. Changes in practically every position will be made, Beatty revealed.

With the ineligibility of Catcher Duane Teel, the backstop spot will be filled by either Gil Nehrig or Les Meyers.

Frank Lopez will be switched to Nehrig's shortstop post, and Ernie Barrett will be at second. Verne Rutledge and Harold Jessee will remain at their first and third sacks, with McClure and Nieblas taking turns on the mound and Nieblas, Heinisch, and Stafford in the outer pastures.

Tribe Loses Track Pants, 72-59

Santa Ana's short-pants brigade swarmed over San Berdoo on the Indians' own stamping grounds last week to a 72-59 scalping bee victory.

Walt Opp, showing good early season form roared to a 52.6 quarter mile, while Les Huhn, Elson Gaebel, and Capt. Blas Mercurio all tied for first at 6 feet in the high jump.

Cross, of San Berdoo, nosed out Bill Huntale by a hooked nose in a 10.1 hundred. Mercurio was on the heels of Huntale to grab third. "Cap" also took the 220 low barriers in 25.4, and completed a very active day by annexing third in the broad jump.

Erwin Youel and Nolan Beat grabbed first place for the Dons in the pole vault by soaring 12 feet to tie for first. Santa Ana's other "iron man," Les Huhn, copped another win by tossing the discus 114 feet.

Dons Flounder Again—Suffer Swim Defeat

Deadlocking 37½-37½ with Glendale Junior college, jaysee's swimming team suffered its fourth consecutive conference defeat Tuesday in the high school pool. An additional relay to decide the contest was won by Glendale.

The jaysee tankmen took five out of nine first places, but a depleted eight-man squad was unable to cop enough seconds and thirds to decide the match.

Dons winning firsts were Melvin Hill, 100-yard free style; Bob Prescott, breast stroke; Kenneth Oliphant, 440-yard free style; Bob Clark, diving. In addition, jaysee won the medley relay.

Editorial Brings Results—Need For New Gym Instructor Seen

Superintendent of Schools Frank A. Henderson picked up a recent edition of El Don, glanced through its pages and happened to glimpse a bold-face article dwelling upon the distressing need of another physical education instructor.

After pondering over the situation, Supt. Henderson called in Coach Bill Cook to discuss the problem.

The Man in Bronze pointed out the facts. A gym coach was necessary to take care of classes, to fill in where one man is now covering two or more assignments, to loosen the strain which now is near the breaking point.

He showed Mr. Henderson that the need was urgent—if not for a full-time instructor, at least for a part-time man.

And so the superintendent has

promised the physical education department another addition for next year. The new coach will probably be on part-time only, but even that will be considerable help for Mentor Cook when grid sessions roll around next fall.

For we have a feeling Coach Cook will have a lot of work on his hands defending that string of consecutive victories and a championship or two. And you know how some teams have the discouraging habit of pointing for the defending champs!

Invite Prep Stars To Spring Drill

Annual spring football practice will begin a week from next Monday, Coach Bill Cook said today as he announced that county high school seniors will be invited to hold workouts with the Dons.

A strong squad is expected to report the first day after Easter vacation, and it will get more formidable as stragglers drift in from visits "back east."

Coach Cook listed a game schedule with the local gridders meeting Pasadena jaysee, Los Angeles jaysee, and perhaps the Bruin frosh, Pomona college varsity and Compton jaysee.

Racquetters Face Chaffey Invaders

In their second league encounter of the season, the Don net squad meets Chaffey this afternoon on the local high school courts.

A revised squad ranking will change the playing order of the squad, according to Manager Carl Aubrey.

Dick Harbottle, jaysee's No. 1 ranking player, will stay in that position, Aubrey said, but first and second doubles spots will be changed. No definite assignments have been given those places.

Recently, Fullerton jaysee downed the locals, sweeping every match in what was termed the "worst early season showing we have ever made" by Aubrey.

Double-Header For Natators Today

Tangling with two topnotch squads, jaysee's swimming team will enter an aquatic double-header against Chaffey jaysee and the Occidental college varsity today. Scheduled to meet Chaffey in a league contest here at the high school pool at 3 p. m., the Santa Ana tankmen will also tie into the Oxy Tigers at Eagle Rock at 8 p. m. in a practice meet.

Eight men will comprise the jaysee team, which has lost several regulars since the beginning of the season. Melvin Hill, Bob Prescott, Kenneth Oliphant, Bob Clark, Melvin Maxwell, Bill Taylor, Beveridge Nelson, and Howard Moore are the competing Dons.

The depleted Santa Ana squad will be favored over Chaffey, but will enter the Occidental meet as underdogs. Jaysee has lost conference meets to Los Angeles, Fullerton, and Pasadena, and tied with Glendale thus far. Lack of reserve strength has been indicated as reason for these defeats.

Garnering their first victory in two conference starts, Don tennis men downed Chaffey to the tune of 19-18 Wednesday afternoon.

Playing on the local high school courts, Coach Blanchard Beatty's netters won three singles matches and the second doubles combination to take the match by a narrow margin.

Locals Entertain Riverside Trade Outfit Here

Coach Bill Cole's improving cinder squad faces a top-notch Bengal track troupe this afternoon on Poly field. The meet will start at 3 o'clock.

Although the Dons are on the short end of the odds, they are expected to make a good showing in the middle distances, the hurdles, and high jump.

The Bengals have four 100-yard dash men who have run 9.8 or better this season. Allen, the fastest, has run the 100 in 9.6s. Riverside has strength in the field events as well as the dashes.

NEW PROSPECT

Cook reported a new "find" in the discus event in the form of chunky Jerry Nesmith. The latter threw the four-pound plate for the first time in his life recently after a meet and the disc went out 120 feet.

Mercurio has been steadily improving in the 220 low sticks, and is rapidly rounding into one of the sweetest hurdlers in the conference. Another threat is Walt Opp who was just a second from the jaysee 440 record in his last race, clocked at 52.6.

JUMPERS TOPS

Al Yount has heaved the javelin 160 ft. in practice and shows real possibilities. "Don" Hall has showed himself to be one of the best two-milers in the eastern division. Three Don high jumpers have cleared 6 feet so far, and another in close on their heels. Capt. Mercurio, Les Huhn and Elson Gaebel have topped 6 feet, and Jim Johnson has done 5 feet 10 inches.

Herschel Whitney is running the mile grind with improved form and Ted DeVelbiss in the broad jump has a mark of 21 feet 2 inches under his belt.

Next year's squad will be strengthened by two Fullerton transfers who prepped at Orange. They are Norman Burbridge, and Elmer Wagers, both middle distance men who have done the half-mile near two minutes flat.

Jaysee Open House?

It is with a great deal of satisfaction that we take note of Larry Trickey's comments in his magazine this week in regard to the campaign for a new junior college.

His suggestions are timely, and, if put into practice might accomplish a desired end. We take pleasure in quoting some of his observations:

"Certainly a new college is needed. The present plant is definitely outmoded. It served its usefulness many years ago in the distant past. The buildings, while not condemned, are nevertheless unsafe. Another earthquake might mean a horrible catastrophe if it occurred when classes were in session. New additions would be far more expensive than they are worth.

"The buildings are scattered. The classes are crowded into over-run classrooms. . . . A new junior college is needed not only because the buildings are antiquated, but also because the facilities are becoming more and more inadequate".

Trickey cited the athletic situation, pointing out the sorry state in which it is.

The magazine editor then suggested that we hold a jaysee open-house at which time we would invite all persons who should be interested in new structures. In this way, the taxpayers could get first-hand information.

Then he concludes, "Who knows? After a sight-seeing tour like that they might possibly reconsider any thoughts they had about the inadvisabilities of a new junior college plant".—The Editor.

Passing In Review

For the past 10 years, Santa Ana jaysee has begun to tingle, about this time, with the excitement of the oncoming Fiesta.

Sombreros and Spanish shawls will dot our campus and a clamorous spirit of good fellowship and revelry will flourish.

Many hundreds of students will be at the Fiesta, but only half of them will be from jaysee. The other half will be our guests.

Our annual Fiesta is a time for celebration. It is the one time of the year when we can forget text books, classes, examinations, and study.

It is the one time of the year when our college has the opportunity of passing in review before its students of tomorrow!—M. H.

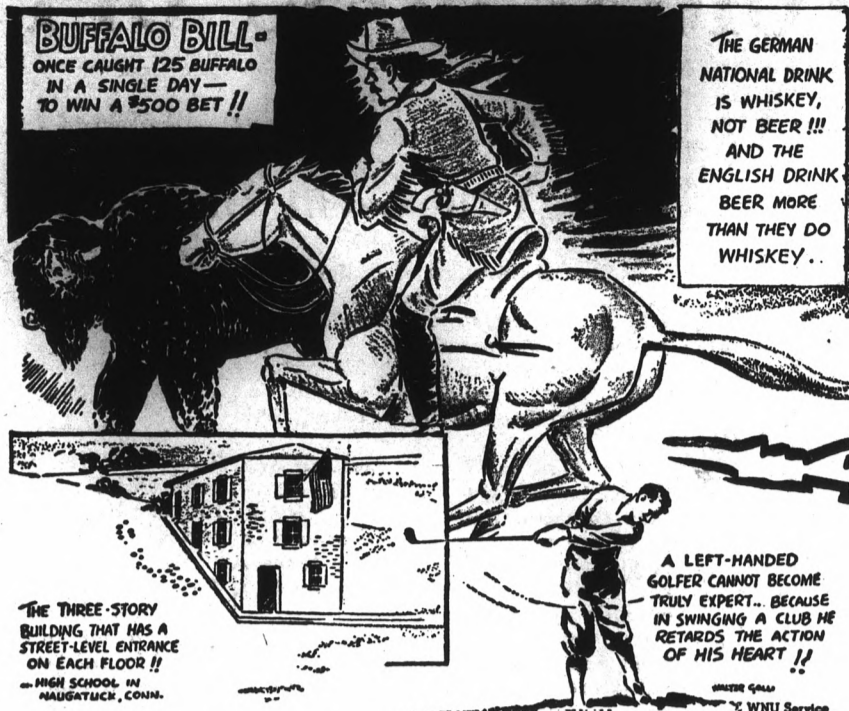

Thinking vs. Hasty Action

Have the events of dictatorship war been accepted so long that the word WAR arouses no panic or protest anymore?

Or has the term sunk deeper than colloquial outbursts and emotional feelings to such an extent that we are passively yet alertly biding our time until such an entanglement of international friction tries to draw us into its ceaseless turmoil?

One thing is apparent. Fear no longer rules people's opinions. Straight thinking, observation noting where other nations have slipped up, and reason are clearly and rapidly oppressing any note of war "scare" which may creep up. Intelligent thinking has replaced hasty action.—D. W.

But It's True

The English drink three times as much beer as they do whisky. The Germans consume twice as much whisky, on a basis of money spent, as they do beer.

The Naugatuck high school is built on a steep hill.

It has been shown that for full efficiency a golfer's lungs must be virtually free of air at the moment he strikes the ball.

'Doghouse' And 'Suitcase' Swing Out

TERMS OF SWING INTERPRETED

Are you an "alligator"? Lots of students think they are, but really they aren't. In the "slanguage" of a swing band player an "alligator" is a person who has swing rhythm but doesn't play an instrument.

A new language has developed from this thing called swing. If a person were to visit a swing band today he would probably need an interpreter. On visiting such a band you might hear something like this: "I certainly wish that the 'squeaker' would tune up, the gang is 'lickin' their chops". "All right fellows, let's 'give'." Of course the "squeaker" is our sweetest of all instruments, the violin. When a band starts "lickin' their chops", they are all set "to go to town". A plea or command "to give it all you got" is expressed in the word "give".

After our "swingsters" get through with rehearsal the "cats" will get together and hold a "jam session". Then after some "heavy mugging" the "cats" might have a "sitting in" and play some "corny" music. The "cats" are the players in a good swing band and when they hold a "jam session" it isn't a raid on the ice box, but a get-to-

gether of swing men who play together for the fun of it. "Mugging heavy" isn't a new love term around college, but it is a musical term meaning playing soft swing music with a heavy beat. When the lads have a "sitting in" they are just playing in a band of which they are not a member. 15 years ago it would have been known as straight jazz; today the same music is called "corny".

Other popular terms among these men are: "skinbeater", drummer; "suitcase", drums; "long hair", symphony player; "gobble-pipe", saxophone; "doghouse", bass violin; "moth box", piano; "iron horn", cornet; "grunt horn", tuba; and "agony pipe", clarinet.—DICK WRIGHT.

Is 460 Years Old

BIBLE PAGE SHOWN

Symbolic of earliest printers' art is a page from a Latin Bible 460 years old now in the possession of Thomas E. Williams, jaysee printing instructor.

The page, which was presented to Mr. Williams by Arthur M. Ellis, Los Angeles printing expert, is of hand-made paper, and is printed with hand-set type.

"Biblia Latina" is its official title, and it was printed by Adolph Rusch in Strassburg, Germany, in the year 1470.

An inscription under the framed Bible page states that it is one of less than ten such copies now known, and is correspondingly rare.

"It is in early Gothic type", the inscription goes on to say, "and is among the earliest Roman-type printing known today".

The type itself resembles the handwriting of the Medieval monks, with each capital letter in red ink, which has kept its color perfectly for 460 years.—CAR ROLL RICHARDSON.

Historical Events WEEK'S ALMANAC

APRIL

9—LaSalle descended Mississippi River to take possession of Louisiana, 1682.

10—King James I issued land patents for "First and Second Colonies," 1606.

11—Indians massacre Gen. Canby and forces, Fort Klamath, Oregon, 1873.

12—55 killed, 150 injured, when tornado hit Rock Springs, Texas, 1927.

13—American settlers in Texas draft a state constitution, 1833.

14—Fort Sumter was evacuated by the Union forces, 1861.

15—A School for the Deaf was opened at Hartford, Conn., 1817.

Sunrise Rite's History Told EASTER CELEBRATED

In expectant silence waiting for the sun's rays to proclaim the dawn of a new day, 100 people stood on the summit of Mt. Rubidoux, Riverside, 29 years ago, stood on the same ground where centuries before Indian tribes gathered around a stone altar to worship the rising sun and make a pledge of peace.

The 100 white people also were worshippers of a Son. Their pilgrimage, too, was one of peace.

SUN RISES

Gradually the stars slipped away into the black-velvet sky. At last the sun rose majestically over the mountains. Through the frosty air, the clear notes of a trumpet announced that "Christ, the Lord, is risen".

That dramatic incident was enacted 29 years ago. Today the practice of attending Easter sunrise services has spread throughout the United States.

Only a few days before the inauguration of the sunrise service, Jacob Riis, noted author and welfare worker, had made the prediction:

PREDICTS ANNUAL AFFAIR

"I see in the days to come an annual pilgrimage winding its way up the steps of Mt. Rubidoux".

The following Sunday, Frank Miller, of Riverside, invited 100 friends to gather at the summit of Rubidoux for the first simple service.

INSTALL CROSS

The mountain was named in honor of Louis Rubidoux who owned the Jurupa Rancho on which Mt. Rubidoux was located. In 1906, the Huntington Park Association acquired Mt. Rubidoux and developed it as a public park. The Serra Cross was erected on the highest point of the mountain on April 26, 1907, and dedicated to Father Junipero Serra, founder of the California missions.

The idea of the sunrise service has spread until now more than 20,000 gather each Easter at Mt. Rubidoux, while hundreds of thousands assemble at various shrines and places of beauty throughout the world to obtain inspiration from the story of the resurrection of Christ.—MARY MULHALL.

Tell Story of Telescope STARS ARE STUDIED

Stating that the Lemon Heights telescope used by jaysee students belonged to Mrs. John Tubbs who furnished its use free, Mrs. John Tessmann, astronomy instructor, revealed today many interesting facts about it.

The telescope which is an 8-inch refractor is so mounted that it can reach any point in the sky. It was purchased and mounted by Clyde Bishop, Mrs. Tubbs' deceased first husband, because of his extreme interest in astronomy.

WORK ON STARS

There has been some actual work on variable stars carried on with this telescope, and it was here that Phillip Taylor, head of Flower Observatory in Philadelphia, first became interested in astronomy, she disclosed.

Taylor, former jaysee student, recently won world acclaim for his work on astronomical unit, "and I believe that his primary work spent at the Tubbs Observatory was the background for his future success".

POINT OUT CONSTELLATIONS

Every Thursday evening, Walter Ferris, who is in charge of the telescope, in conjunction with Mrs. Tessmann, point out the various constellations to astronomy students and visitors.

The jaysee has been using the telescope for the past 10 years without cost, and such a contribution to the educational facilities of Santa Ana Junior college is an important one.—HAROLD BARRETT.
